

VISITOR GUIDELINES

Visiting hours are 9am-8pm.

Adult Inpatient

Two visitors at a time. One support person may spend the night.

Pediatric Inpatient

Two visitors at a time. One parent/guardian may stay overnight.

ICU/CCU

Two visitors at a time. Visiting hours are 10-11am, 2-3pm and 5-6pm.

COVID-19 Patients

Visitors are allowed at the nurse's discretion. Please call 601-553-6000 and ask to be transferred to the appropriate unit, or visit the nurses' station on the patient's floor. Visitors of COVID-19 patients must wear a mask.

Birth Center

During Labor & Delivery: Visitors who are age 16 or over are permitted at the patient's discretion with a maximum of three visitors during labor, two during delivery, and one during a Cesarean section.

After Delivery: The patient may identify a significant other who will be given a matching infant identification band. Visitors over the age of 16 are permitted during visiting hours. The newborn's siblings who are under the age of 16 may accompany the visitors. One support person may spend the night.

NICU

Parents and Grandparents (no more than two at a time) may visit during regular visiting hours.

Emergency Room

One family member per patient. Family members may rotate if the patient is in the ER exam room for an extended period of time.

Outpatient Services

(Surgery, Heart Cath Lab, GI Lab, Breast Center, Lab, Radiology, Cancer Center, Clinics, Rehabilitation, etc.)

One support person may accompany the patient.

End of Life

Nursing personnel will coordinate visitation. Please call 601-553-6000 and ask to be transferred to the appropriate unit, or visit the nurses' station on the patient's floor.

Clergy

Nursing personnel to coordinate visitation.
